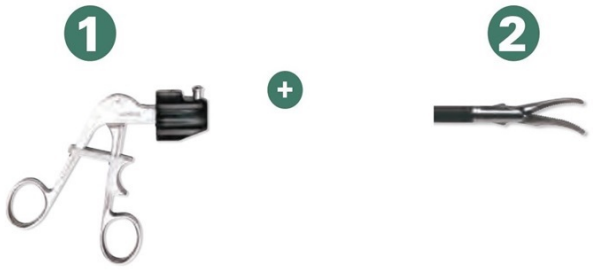
“My message to you all is of HOPE , COURAGE and CONFIDENCE.”

Quaid-e-Azam Muhammad Ali Jinnah

Precision Laparoscopic Instruments

HOW TO ORDER



1 **Select a Handle Style**

- Select a handle style such as Slide Lock with Rotation (SLR).

2 **Select a Tip Style and a Shaft Length**

- Select a tip style; for example, EP3110 Bullet Nose Grasper.
- For a standard shaft length of 32cm, no suffix is added to the catalog number. The catalog number would remain EP3110.
- For a shaft length of 45cm, add the suffix -45 to the catalog number so the catalog number would become EP3110-45.

Note: Include the shaft length suffix before the handle style suffix, if applicable, example: EP3110SLR or EP3110-45SLR.

For Example:

Handle		
Catalog #	**SLR**	
Tip Style	**Length 32cm**	**Length 45cm**
Catalog #	**EP3110**	**EP3110-45**
Final # (includes both the tip, length and handle style)		
Catalog #	**EP3110SLR**	**EP3110-45SLR**

Precision Laparoscopic Instruments

Handle Styles

	Without Rotation	Catalog #	With Rotation	Catalog #
Standard		S		SR
Auto Closure		AC		ACR
Ratchet		R		RR
Slide Lock		SL		SLR

LIGATION CLIP APPLIER

Code	Description	Size
LCA	Laparoscopic Clip Applier (Reusable) Tip Style 5mm & 10mm	Small
	100, 200, 300 ,400, 300/400	Medium
OCA	Open Clip Applier (Reusable)	Large
	102, 202, 300 ,400, 300/400	M/L

If I am to care people in hospital I really must know every aspect of their treatment and to understand their suffering.
